Hinds— Two Histories

Hinds Junior College has two histories, that of a high school and that of a college.

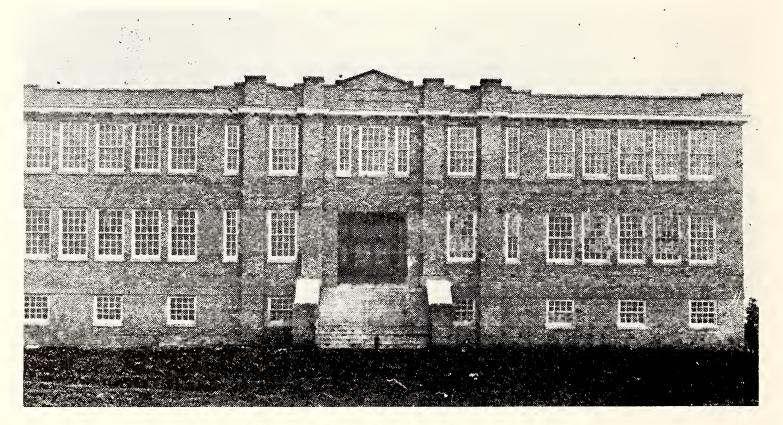

The main grounds now occupied by Hinds, were trampled by students for the first time in 1917 when the old home site of J. R. Eggleston, captain of the Confederate ironclad Merrimac, became a County Agricultural High School.

The idea had been conceived even earlier than this, when an Act of the Mississippi Legislature of 1908 provided for the establishment of county schools of agriculture. After this act was passed, a movement was started immediately for the establishment of such a school for the boys and girls of Hinds County.

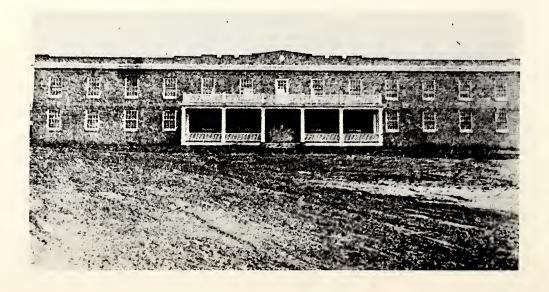

From time to time, various ideas as to the location and scope of the school were proposed, but it was not until May 31, 1916, that the task of building an agricultural high school for the county was undertaken with the determination to provide a school as good as the best in the land.

Attractive bids for the location of the school were presented by the enterprising citizens of Clinton, Edwards, Utica, and Raymond. After considerable deliberation, the County School Board selected Raymond for the site of the new institution. In addition to Raymond's bid, the County issued bonds in the sum of \$75,000.00 to erect and equip the four handsome brick buildings and principal's home.

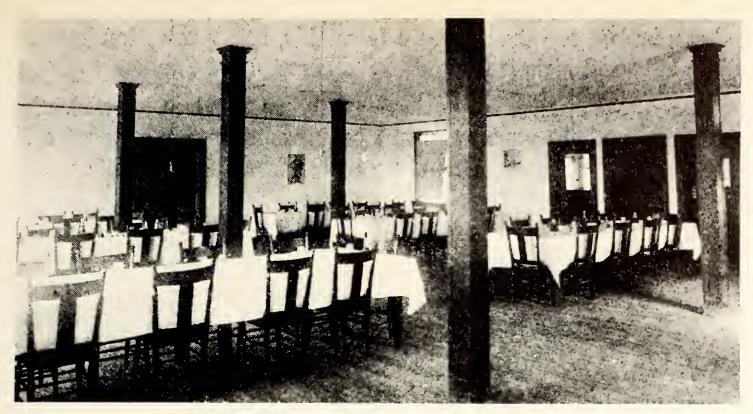

The school was founded with the expressed purpose of providing educational opportunities at low cost to students willing to work. It was part of a state-wide agricultural high school program and primarily for rural students.

Five Presidents Direct Hinds Through 50 Years

W. N. Taylor was elected the first superintendent of Hinds Agricultural High School in 1917. He resigned in the spring of 1918 because of illness in his family.

B. E. L. Southerland became the President in 1918. He resigned to accept a position as President of Mississippi State College for Women in 1930.

In 1930, G. J. Cain became President of Hinds Junior College. President Cain resigned in 1938 to

accept a position with the Mississippi State Department of Education.

G. M. McLendon became President in 1938. The next 27 years became known as the "McLendon Era". McLendon retired in 1965 at the mandatory age of 70.

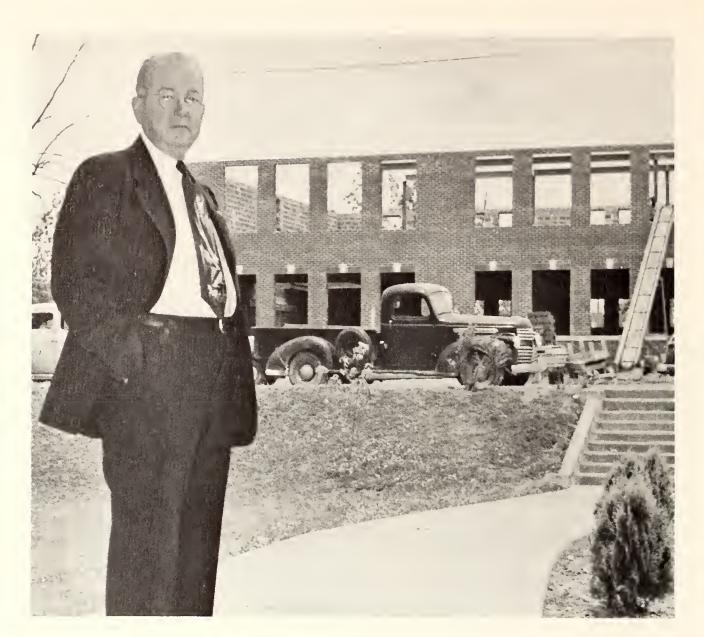

Dr. Robert M. Mayo became the college's fifth president in 1965, after serving as Vice-President for six years. Now in his third year, Dr. Mayo is President of the state's largest junior college.

What will Hinds Junior College face in 1986 with a prospective enrollment of 5,000 students?

That is what the firm of Carter-Horan and Chapin of Baton Rouge, La., have tried to answer so that the college may begin to plan now to meet the needs of the college.

In a detailed 101-page report entitled "The Comprehensive Plan for Hinds Junior College," the community planning group, aided by a committee appointed by President Robert Mayo, have posed needs and problems during the next 19 years.

The projected enrollment for the 1986-87 academic year shows that 3718 students will be registered in academic and technical study, while 800 will be vo-

cational students, and 500 will be engaged in health occupations studies. This would be a grand total of 5,081 students.

The Carter-Horan & Chapin plan advises that this assumption would call for 333 faculty members and on-campus living space for 2,706 students. New construction projected would call for 25 academic buildings, 14 residence halls, one field house, and a baseball stadium.

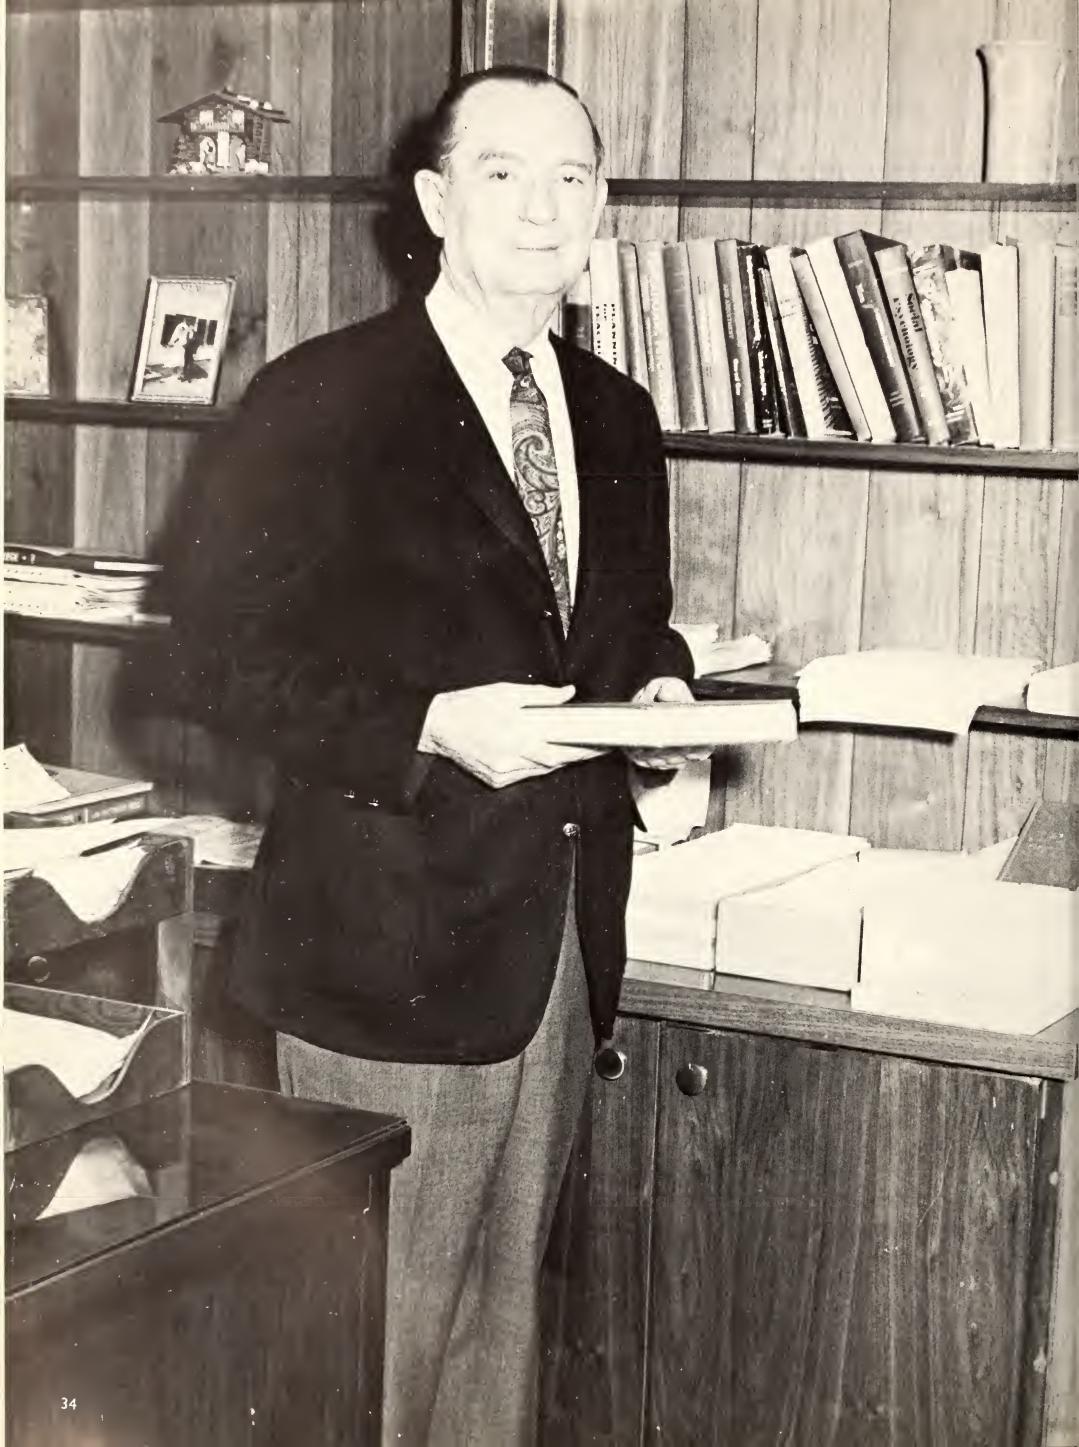

Other needs given special attention in the report include recommendations for a tree planting plan, a new walk and parking system, and the selection of an overall campus color scheme.

THE HINDSONIAN

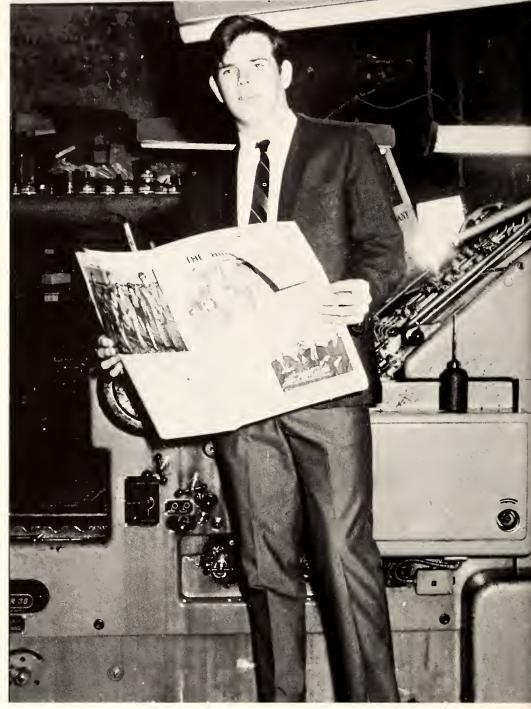

Experience was the key word as "The Hindsonian" staff members began another year's publishing with the start of the 1967-68 edition of the state's most colorful and only weekly junior college newspaper.

Under the guidance of Executive Editor, Jack Coppenbarger with News Editor Judy Johnson and Columnist Ed Payne filling the spot of Business Manager second semester, "The Hindsonian" strived toward another year of accurate and frequent publication of the facts.

Frequency became a resounding word in the PR office as the early Thursday deadline for the newspaper to hit the campus, rolled around too soon for everybody ... Freshman Charles Harris was Chief Photographer, who stood up admirably as Sponsor, Ralph Sowell, Jr. studied the photographic results and at times, with a gleam in his eye toward perfection, flipped the pictures on the floor with the reasoning of "let's lighten that," or "not enough contrast." Along with Sowell, Staff Advisor Bob Hodges contributed opinions on policy and expounded the views of the 'boss' on how to keep the paper from being shut down.

Sports Editor Danny McKenzie kept sports fans jumping with humor and news from the "turf, hardwood 'n cinders" side of the paper ... Gayle Beck, as Feature Editor, supplied students with interesting stories of happenings on the campus ... and then there was the news staff.

Lights burned late on many Tuesday nights as the editors worked on into the "wee hours" ... sometimes not knowing where their next meal was coming from ... to bring students et al the best in news, features and editorial opinion in Mississippi's only weekly junior college publication, the colorful "Hindsonian."—JC

"Now you boys might find Vo-Tech work a little different at first."

"I'll bet you say that to all the girls."

... as the closing moments draw near, excitement mounts.

"Actually, I think it's cut a little too low."

"Nobody knows 'til the wind blows."

The

The Dance . . .

Snow . . .

... came at last, late in February on a cold Friday morning. It brought many changes to the Hinds campus ... slack privilege for the girls ... unusually early departure (say, 7:00 A.M.) ... snowball fights—anybody was fair game ... But through it all, classes (?) continued.

Dear Hindsonian:

You now have in your possession the 1968 EAGLE. We, the staff, hope you will consider it one of your most cherished possessions in the years to come, as you think back on your days at Hinds Junior College.

In this book, we have tried to capture the fun, humor, and good times experienced by all this year. The 1968 EAGLE is a tribute to the year which has passed, to the events which have been enjoyed by all and to those students who have moved on.

I wish to express my deepest appreciation to all who have helped make this yearbook possible. Without the help of Ralph Sowell, Sponsor; Charles Harris, Photographer; Bob Hodges, Advisor; and a very capable staff, the 1968 EAGLE would not have been completed. Thanks to Campus Security for letting us in the dorm at 3:00 A.M., after working to meet the final deadline. Thanks to various sponsors for helping us set up pictures and retakes. A special thanks to the entire student body for their cooperation and support.

It is the hope of the staff that you will find some pictures in this yearbook that will bring back fond memories. The staff is proud of the 1968 EAGLE because of many long hours spent working on it. We hope you will share our feelings of pride.

Thanks again to all who made the 1968 EAGLE possible. I appreciate the opportunity I had as editor and I hope we have captured some of the highlights of your year at Hinds. Best wishes in the years to come.
